

## Newsletter December 2022

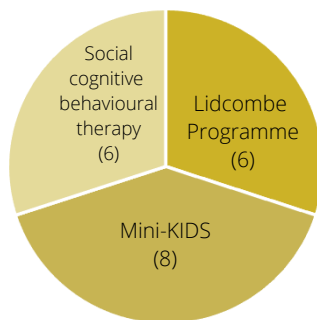

### Numbers

Thanks to our 27 speech language therapists there are currently 43 children in the study. We continue to look for children who stutter. Therefore, a message asking for referrals was shared on social media.

In addition, we are searching for speech language therapists to fill the last three spots.

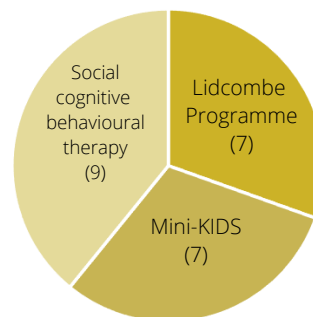

#### Overview Flanders

(20 children)

#### Overview Wallonia

(23 children)

### TreatPaCS on the news

On stuttering awareness day (22/10/2022) we were able to take a look in the practice of speech therapist Lisa De Clerq. During the news, Lisa and Sabine told about the importance of a timely referral in children who stutter.
